4. Player related Bet Boosts: If any player included in a bet boost doesn't start the match or tournament, the bet will become void and the stake amount returned, however should there be in a 'multi' bet boost deductions will apply.
5. All Bet Boosts are based on the result at the end of regular time only unless otherwise stated.
6. Matches or rounds delayed by more than 48 hours included in any Bet Boosts will result in the Bet Boost becoming void, however should there be in a 'multi' bet boost deductions will apply.
